Ethics

Integral to our Core DNA is to “Do The Right Thing.” We work hard to preserve the trust and responsibility that our customers, business partners, and teams place in us. Our goal is to maintain a culture of inclusion and ethical business practice.

We believe in doing the right thing.

As Acquians, we treat one another with respect and work to create a safe and welcoming environment every single day. We support this by providing education and resources to all team members, which guide our decision-making to be fair and ethical.

We believe we're better together.

At Acquia, we value the differences in our life experiences and viewpoints. We believe that cultivating and supporting a diverse team globally is directly tied to our success as an organization, fueling greater innovation, productivity and business outcomes.

Diversity is the spectrum of human difference.

Diversity is the spectrum of human difference. Valuing Diversity at Acquia celebrates our unique differences in background, identity, ideas and experiences. The power of human difference makes us stronger together.

Equity is the equal opportunity for all people.

Equity means an environment free from bias, harassment and discrimination. At Acquia, valuing equity also means we support individualistic needs of team members. When people feel valued and respected they can be more innovative and make greater contributions.

Inclusion empowers all people to access the same opportunities and challenges.

Inclusion provides for the same level of respect and value regardless of inherent or perceived differences. Valuing inclusion at Acquia means we are committed to building community and connection, and welcome all voices and beliefs.

Inclusion & Diversity

We are proud of the diverse perspectives that our team brings to Acquia each day, as well as our inclusive, supportive, and welcoming environment. We celebrate that each Acquian has a unique background, experience, and point of view which makes us stronger and helps us win as one.

Inclusion at Acquia means:

- / Diverse ideas and perspectives are welcomed and encouraged
- / Feeling valued both as a team member and as an individual
- / Being able to bring your authentic self to work every day

We have Employee Resource Groups (ERGs) lined with our commitment to cultivate DE&I and Acquia's DNA including but not limited to:

Acquia ERGs:

- / Women at Acquia (WOA)
- / Acquia Alliance of Black Leaders for Excellence (AABLE)
- / Pride, Veterans and Supporters of Acquia (VSA)

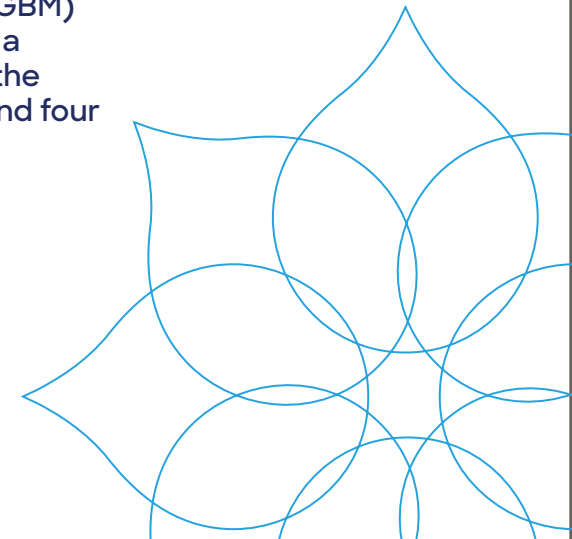

Give Back More

We believe in supporting our global communities.

Acquia's Give Back More Mission: Support Acquia's DNA, Give Back More, supporting the community via volunteer opportunities, educational programs, mentorship and more.

Give Back More Committee: The Give Back More Committee (GBM) is comprised of Acquians across the globe. GBM Committee is a global volunteer committee unified by the mission to support the communities we serve. Volunteer initiatives are centered around four key pillars:

1. Mentorship & Education
2. Environmental Health
3. Underserved Communities
4. Technical Give back

Leadership

We believe that the best managers are also coaches.

As Acquians, we are leaders. As managers, we are coaches. Our approach to management and leadership is rooted in trust. This means guiding rather than telling, and teaching rather than directing.

We believe that the role of our managers is to empower their teams with the autonomy to stretch, develop, and have meaningful impact. Here, feedback is continuous, two-way, and constructive. We view feedback as an opportunity to grow and learn, to evolve both professionally and personally.

We offer dedicated management and leadership training designed to help our people managers motivate, inspire, and develop high-performing and engaged teams.

“As a leader, developing your people is one of the most important things you can do. Always think creatively about opportunities for your team as you coach and guide them. You may be surprised at what you learn.”

- Vangie Cleversey, Customer Success

Building a World-Class Team

We look to surround ourselves with colleagues who are lifelong learners, and who believe in leadership from every seat.
